

Symptom Screening: It is the responsibility of parents/guardians to monitor their children's health every morning before school attendance. However, submission of a daily form is not required this school year. Please be sure to screen your children before school each day and keep them at home if they show signs of illness.

When your child is ill at home:

If your child has at least one of the following symptoms, please keep your symptomatic child and all **unvaccinated** household members at home, and contact the School Nurse.

- Fever
- Cough
- Shortness of breath or difficulty breathing
- New loss of taste or smell

If your child has at least two of the following symptoms, please keep your symptomatic child and all **unvaccinated** household members at home, and contact the School Nurse.

- Fatigue
- Muscle or body aches
- Headache
- Chills
- Rigors (shivers)
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

NOTE: If your child has been in close contact with a person with confirmed COVID-19 in the last 14 days, please keep your child at home and contact the School Nurse.

When your child becomes ill at school:

- If your child is excluded from school due to COVID-19 compatible symptoms, all household members who are not fully vaccinated and attend the Bridgewater-Raritan Regional Schools must be excluded from school until the symptomatic individual receives a negative test result.
- If the symptomatic individual receives a positive test result for COVID-19, quarantine is required for all unvaccinated household members. Please contact the School Nurse for further instructions.

Acceptable Testing for Return to School: Rapid antigen or PCR
